Membership Testimonials

"While I have attended CPOA trainings throughout my career, I regret not joining as an individual member decades ago. CPOA is on the leading edge of training, best practice, legislation, and leadership. CPOA truly evaluates changes and proposed legislation from a pragmatic point of view that is best for the community and officers alike."

-Lieutenant Neil Cervenka, Turlock Police Department

"Being a Law Enforcement Officer in rural California, the concerns of not being up to date on current laws and trends is a true fear. Having a great resource like CPOA gives me the knowledge and confidence to supervise as well as minimize liability. The amazing amount of knowledge is just a click of a keyboard away."

-Sergeant Doug Mairs, Bishop Police Department
