FREE ZOOM WEBINAR ON:

LAW ENFORCEMENT ONLINE PROTECTION

Your job is dangerous – but it shouldn't remain dangerous after your shift ends. Personal information like your home address or phone number being exposed online puts you and your family at risk of targeted threats, harassment, and violence. Join us for a vital discussion on digital privacy and protection strategies for law enforcement professionals.

September 17, 2025 | 1:00pm

WHAT YOU'LL LEARN:

- How your personal info becomes exposed
- Real-world risks facing law enforcement online
- Practical steps to secure your digital footprint
- Tools and resources to protect yourself and your family
